

DOT HAZMAT

ATN offers courses designed to provide the training required by the Department of Transportation's 49 CFR 172.704(c)(2). Compliance with this regulation requires training every three years. Anyone that comes into contact with hazardous materials (including their paper work) is affected by this necessary training. Those benefitting from this training include managers, supervisors, office personnel or employees that deal with hazardous materials. Certificates are awarded upon completion of the course test.

General Industry Course topics include:

- **General Awareness**
(Hazardous Material Table, Hazard Classes, etc.)
- **49 CFR 100-185 Regulations Safety Training**
(HAZCOM, MSDS, etc.)
- **Emergency Response Information**
- **Function Specific Training**
- **Security Awareness**
- **Security Plans**
